First Aid and Safety Course - 10-Hour Course

Usually the Red Cross, local fire department, local hospital, or technical college offers a first aid course. When the course is completed, make sure you obtain written evidence that you completed the course because the department will require you to submit a photocopy of the evidence when you apply for your journeyman's exam and an outline of the course. Original copies of the evidence of your completion of first aid and safety courses will not be returned. The evidence should contain as a minimum your name and the name of the first aid and safety course.

It is suggested that you take this course as soon as possible so the journeyman's exam can be written as soon as you have accumulated the necessary experience hours and done the educational work.

Educational Course Work

The master plumber you work for is responsible for your training and education. The documents in the Learner Packet include self checks so your understanding of the material can be verified. If you do not understand the material, you should ask the master plumber for help.

Qualifications to Apply for Journeyman Plumber-Restricted Service Exam

When you receive the application, follow the instructions to apply. DO NOT send this form in without the application.

The applicant should record their name and credential (registration) number when they receive this form.
